

Hi

I just wanted you to know how important the K-Love radio station is to myself as well as our office staff! What a blessing it is to hear Christian music throughout the day. Many of my fellow listeners were excited that we could receive Christian music in our rural area and it is commercial-free. We would greatly miss listening to 98.7 when we work and while we travel if it was taken off the air. In the times we live in, it sure is wonderful to hear positive, encouraging music, scriptures, and comments as well as be updated on important news without commercial involvement! Please allow K-Love to continue broadcasting in our local area which includes the following stations: 98.7, 90.3, and 91.7! Thank you! Sincerely, Vicki E. Bowers
